

# *Weather and Hollywood*

for teachers of grades 3-8  
February 7, 2009

Learn how basic weather principles are explained in the media. Analyze and evaluate movies and other media based on scientific content. Explore topics such as tornadoes, hurricanes, global warming, and other climatic phenomena. Be one of the **FIRST** to be introduced to the facilities in the **NEW** Penn State weather classroom.

Teacher participants will receive:  
Free continental breakfast and lunch  
Handouts of activities and content material from workshop

This workshop is **FREE** to all educators with Act 48 credit available.

Sponsored by  
The Center for Science and the Schools  
119 Chambers Bldg.  
Pennsylvania State University  
University Park, PA 16802
