

I am a Citizen Scientist!

What is a Citizen Scientist?!

A person who participates in scientific research. You can take part by observing, collecting notes, and sharing your data to the science community! Anyone can be a citizen scientist, including **you!**

Step 1!

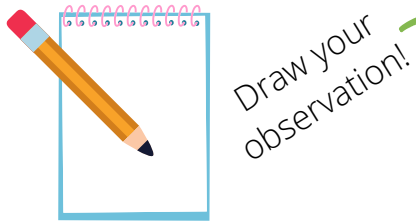

Find a location, grab a seat, and wait for something amazing to happen!

What is it?
.....

Where is it?
.....

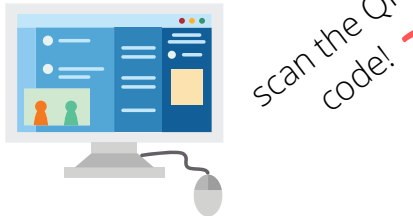

What is it doing?
.....

Step 2!

Make a recorded observation! Take a photo, video, write, and/or draw what is happening!

Step 3!

Have a teacher, parent, or an adult help you submit your recordings!
